WHOLESALE TRADE-LIST

OF

Pinehurst Nurseries

OTTO KATZENSTEIN
MANAGER

PINEHURST, Moore County, NORTH CAROLINA

NORTH CAROLINA

Woody and Herbaceous Plants

and Other Ornamentals

◆◆◆◆◆

75 ACRES UNDER CULTIVATION

◆◆◆◆◆

Our stock has been regularly examined by the Entomologist to the North Carolina Commission for Controlling Crop Pests, who has at all times found it healthy and without indication of any of the scales or insects designated as dangerous by the Commission. *To further protect our customers, stock will from now be subjected to fumigation before packing, if desired.*

Our **FREIGHT AND EXPRESS OFFICES** are at Pinehurst, N. C., on the A. & A. Railway, which connects with both the Southern and Seaboard Air Line Railways.

TRANSPORTATION RATES by *freight* from here are, to New York City 53c., to Boston 58c., to Richmond, Va., 38c., to Atlanta, Ga., 52c., per 100 pounds; and by *express* to New York \$2.20, to Boston \$2.60, to Richmond, Va., \$1.00, to Atlanta, Ga., \$1.60, per 100 pounds.

TERMS: Cash or satisfactory references from unknown correspondents. All book accounts will become due (and subject to sight draft) sixty days from date of bill of lading, where no other arrangements have been made.

DISCOUNTS: We allow a discount of 5 per cent. for cash with orders or for remittances within fifteen days from date of bill of lading.

REDUCTIONS: On *Woody Plants* we invoice 5 at 10 rates; 50 at 100 rates; 500 at 1000 rates. On *Herbaceous Plants* we invoice 5 at 10 rates; 25 at 100 rates; 250 at 1000 rates. Packing and boxing charged at cost.

SHIPPING INSTRUCTIONS: We solicit precise instructions as to kind of conveyance and route, or we shall ship at our own discretion. All goods travel at risk of consignee.

SHIPPING SEASON: We ship shrubbery from October until May with hardly an interruption. Our storage cellar enables us to keep plants dormant for late orders. We advise, *to send all orders as early as ever convenient* and we shall hold them as long as practicable, if desired by consignee.

COLLECTED SHRUBBERY: We ship very large quantities of collected shrubbery every season in solid car loads and smaller lots to many of the largest parks and to others. We have a well-trained force, who will handle this class of shrubbery with greatest care. We ship well-developed plants with good roots that have not been exposed to the weather, and pack in damp sphagnum moss. We prune the tops of most collected shrubs, if not otherwise instructed, to effect a material saving in freight.

HERBACEOUS PLANTS: Quite a number of perennials we have now in nursery rows, while others will have to be collected on order. Some kinds of these can be identified only when in bloom. Orders on such will be filled in due season. We can collect herbaceous plants in largest lots and at special prices.

AMERICAN TREE SEEDS: Our descriptive catalogue for 1901 of seeds of American conifers, trees, perennials, etc., will be gladly sent upon request.

THIS LIST CANCELS ALL PREVIOUS QUOTATIONS.

JAMES W. TUFTS, OTTO KATZENSTEIN,
Boston, Mass. Manager.

Woody Plants.

Col., collected plants. S. seedlings. C., from cutting bed. All others are nursery grown and transplanted.

CORDONS.

	Size	Each	10
Cordons —Single and double arm.....	3-5'	2.50	22.20

Apples:—(on Paradise) Alexander, Baldwin, Chenango, Early Harvest, Gravenstein, Jonathan, Northern Spy, Primate, Sweet Bough-Tompkins King, Wagner, Wealthy.

Pears:—(on Quince) Angouleme, Anjou, Bartlett, Clapp's Favorite, Easter Beurre, Hardy Giffard, Howell, Josephine of Malines, Lawrence, Louise Bonne of Jersey, Superfin.

These peculiarly trained dwarf fruit trees, of which we have still a limited number to offer, are especially adapted private places, where they surely will be a permanent source of interest, pleasure and profit. Year in year out they will repay diligent care by sure crops of fruits of extra large size and of a very superior quality. The main trunk of our about three-year-old plants is bent 18 inches above ground in "T" shape or with a few with one arm. Our trees are covered with fruit branches and are ready to bear next year. We are ready to give any desired cultural directions.

Herbaceous Plants, Roots and Bulbs.

PINEHURST VIOLET.....clumps 1.00 3.00 20.00

There is no better all-around use-
ful violet. The flowers are very
large, deep-purple and sweetly
fragrant, on remarkably long
stems. Very free bloomer, easily
forced. The foliage is dark-green
and very large. Try it for next
winter. We send single plants at
10 cents postpaid.

Prices for Large Quantities of Collected Shrubbery.

For extensive planting and for lining out in nursery rows, the sizes given below will be found especially adapted. Other sizes can be furnished as well in large lots, and we solicit correspondence.

THE PINEHURST NURSERIES

devote now about 75 acres of well improved sandy loam to the cultivation of high-grade nursery stock. The sandy properties of our soil are remarkably conducive to the formation of a system of very fine fibrous roots.

We make a specialty of the woody and herbaceous plants of North Carolina and especially of those of the eastern section. As a perusal of the foregoing pages will make evident, there is here quite a galaxy of truly valuable and rare kinds, and we claim the honor to have introduced to the wholesale trade quite a number of distinguished plants so far; among them *Fothergilla alnifolia*, *Myrica pumila*, *Andromeda nitida*, *Cliftonia ligustrina*, *Lupinus diffusus*, etc. All these plants are of such an intrinsic value to the nurseryman and planter that they soon will prove indispensable to them.

About our climate we might say that while continuous severe weather during Winter is almost unknown here, the weather is quite cold enough to enable us to harden our plants thus that they are perfectly adapted to any cold climate, and in fact the majority of our shipments are directed northward.

We fully appreciate the confidence shown in us by our numerous customers and we trust that they will continue to favor us with their commands. Others we respectfully request to give us the pleasure to fill at least a trial order for them.

Very truly yours,

PINEHURST NURSERIES,

OTTO KATZENSTEIN, *Manager.*
